

## Séverine Deschandelliers elected new FEFANA President

**The FEFANA Board of Directors met via teleconference on 17 September 2020 and elected Mrs Séverine Deschandelliers new FEFANA President for the next term 2020-2022. She is succeeding Mr Gerritjan van der Ven.**

Mrs Séverine Deschandelliers is a doctor in Veterinary Medicine, she has served as a civil servant in the French Government, specialized in animal health matters, and as Managing Director of MSD Animal Health in France. She is now Global Director of Market Access department in ADISSEO.

After actively contributing as a member of the Board of Directors in the past years, Mrs Séverine Deschandelliers takes over the leading position in FEFANA during one of the most busy and exciting periods for the Association and the specialty feed ingredients sector as a whole: in the core of the process of the Evaluation of the Feed Additives Regulation, the implementation of the Transparency Regulation, and the recently launched Green Deal and Farm-to-Fork strategy which have recognised the fundamental role of feed additives in the achievement of their ambitious sustainability goals.

The Board of Directors expressed their deep appreciation to the outgoing President Mr. Gerritjan van der Ven for his very successful presidential term of the past four years, accompanying FEFANA through some major steps in the REFIT process, innovative advocacy efforts, and in the implementation of the Animal Feed Industry's 2030 vision.

### About FEFANA

FEFANA (EU Association of Specialty Feed Ingredients and their Mixtures) is the united voice of the specialty feed ingredients business in Europe. Our membership comprises manufacturers and traders of feed additives, functional feed ingredients, premixes and other mixtures of specialty ingredients that enter the food chain via feed. FEFANA facilitates the dialogue between EU institutions and feed business operators while promoting feed and food safety and a fair and competitive market.
